## >> 100th issue of Profession Fromager

# Twenty Years along the Milky Way

Alongside the French and international cheese industry since its creation in 2002, *Profession Fromager* will soon publish its 100th issue, to which should be added the 20 annual special editions cataloguing French

raw milk producers. The magazine now offers a digital edition in English and a paper version in Portuguese, *Profissão Queijeira*.

*Profession Fromager* is published by Editions ADS, in association with the

Guilde Internationale des Fromagers and the Fédération des Fromagers de France.

Among its more memorable issue covers, number 16 announced the death of Pierre Androuët. ■

## >> Provence: "Milk through the ages"

# Saint-Uguzon in the choir and in our hearts

Saint Uguzon, patron saint of the Guilde and lone cheese saint was officially added to the Christmas crèche, and also into the march of the living santons (provençal crèche

figures) of the Church of the Valayans, in Pernes-les-Fontaines, near Carpentras, on November 27. The chrèche's theme this year was "Milk through the ages." The village and its inhabitants

all dressed in traditional costumes. The event was organized by the Valayans parish works association. A video report on the ceremony is available on our Facebook: [fb.watch/a4mkPsVrj6](https://fb.watch/a4mkPsVrj6) ■
